KIDS & THEIR DEVICES AT HOME

Exactly what are we getting ourselves into...

A PARENTS PERSPECTIVE

- My kids are now Year 12 & Year 11
 - This iPad was their first device....how about your kids?
- We moved from iPad to Laptops in the middle of year 8
 - Current Many2One policy suggests Year 7
- We started with a 32GB iPad – and it was full 4 MONTHS later
- iTunes Gift Cards are often on sale
 - Supermarkets, OfficeWorks <https://www.giftcardsonsale.com.au/>
- My advice – buy the biggest storage you can afford

MANY2ONE

- <https://blogs.ststephens.wa.edu.au/many2one/>

When buying a device for your child please note the following:

- o The Many2One "Bring Your Own Device" program runs from Years 5 to 12. At **Year 5** it is a requirement that students provide their own device whilst still having access to primary school owned student shared devices. All Years 5 to 12 students are expected to bring their own mobile device to school from the commencement of the school year.

- o We are a "Bring Your Own Device" School. By the time students are in **Years 7** it is a requirement that students provide a MacBook, Windows flip style notebook or a Windows notebook/tablet hybrid. These decisions are often shaped by the subjects the students are studying and the type of device they might use beyond school.

- o The class teacher will recommend any applications that need to be purchased specifically. All students are given a Microsoft Office 365 subscription which includes the Office Suite for up to 5 devices (Windows, Mac, iPad), Office online and 1024 GB of cloud storage.

2021 Device Recommendations

June 29, 2020

St Stephen's School

St Stephen's is a Christ-centred, student-focused and community-based School. Founded on a vision to nurture, we aim to inspire learning that transforms lives. We have a reputation for excellence in teaching and a commitment to developing well-rounded people – people of innovation, creativity, integrity and faith.

Our mission to Serve God, Serve One Another is underpinned by five key values – faith, learning, service, care and community. We welcome all who share these values, from all faiths and backgrounds.

At St Stephen's School we grow people and we see teaching and learning as an opportunity to engage with each other in exciting new learning experiences. Our use of technology is paramount in supporting these engaging learning relationships.

Bring Your Own Device (BYOD)

The "Bring Your Own Devices" Many2One program has been in place for the past several years at St Stephen's School and runs from Years 5 through to 12. We provide university level wireless infrastructure that caters for 9000+ mobile device connections. For the purposes of BYOD, "Device" means a privately owned wireless and or portable electronic

St Stephen's School
SERVE GOD SERVE ONE ANOTHER

St Stephen's School has partnered with Winthrop Australia in offering the option to purchase an iPad as part of our Many2One Program available to year 5 and 6 students for the new school year.

Your order will be delivered to your home address after payment is received. If no one is home to receive the delivery, instructions will be left to collect from your local Australia Post Office/Newsagency.

Winthrop Australia together with FlexiGroup will be offering a 6 months interest free option for devices purchased on this portal.

All forms of payment must be finalised before Winthrop Australia can place your order with suppliers.

Thank you for taking the time to visit Winthrop Australia's One-to-One portal. Should you have any questions at all, please reach out to us via email at sales.wa@winaust.com.au, or by phone on 08 6488 2777.

KEEPING THEM SAFE

TECHNOLOGY USE CONTRACT

CHILD EXPECTATIONS:

1. I will not share any personal information, including date of birth, name, address, phone number or specifics about what school I attend. I recognize that sharing such information could lead to harm if it gets in the hands of someone who intends to hurt me. I fully recognize the threat this is to my safety.
2. In all of my online communications, I will be respectful of others and will never embarrass, humiliate, threaten or bully anyone. My communications will always be truthful, encouraging and helpful.
3. I will never use vulgar or sexually explicit language, and if someone begins using such language with me, I will immediately refuse further communication.
4. I recognize there is no such thing as real privacy when on the Internet. I understand any content I post about myself or anyone else on the Internet can be distributed across the world without my knowledge or permission. Even if I intend such communication to be private, I have no guarantee that will be the case.
5. I understand that while I am communicating with persons whom I don't know, they are able to deceive me and may not be truthful about who they are and their intentions.
6. I will not post information on any of the social networking website such as MySpace, YouTube, Facebook, etc. without first discussing it with you and getting your permission.
7. I have earned your trust by obeying you as my parent(s) and I have every intention of continuing to do so. I willingly enter this agreement to be held accountable to you. By following these principles, we have agreed I will continue to enjoy the privilege of using Internet technology.

PARENT EXPECTATIONS:

1. I will respect my child's privacy when he/she is using the Internet or other technology.
2. If I have a concern, I have the right to access their online accounts and/or website logs.

If the child violates this contract, then he/she will receive the following consequence(s):

Child Signature: _____ Date: _____

Parent Signature: _____ Date: _____

You can have screen time as soon as you:

Unpack lunch box

Finish homework

Read for 20 minutes

Are productive, active, or creative for 30 min

Do at least one chore

Family Contract

— for Electronic Usage —

MISSION STATEMENT

People first, devices second. While using devices we will always remember family rules including being kind, respectful, and present at all times. In addition, parents will be open and understanding when answering questions or addressing challenges children may face online. All devices must be handled with care and put away properly. It's important to remember that these devices are expensive and should be taken care of appropriately.

These rules apply to the following electronics:

TV Computer Tablet Video Games Phone

RULES OF ENGAGEMENT

- I agree to use devices only during the times specified
- I agree to put away devices during the following times: mealtimes, family time (games, movies, etc.), and when we have guests
- I agree to not use devices when it's dangerous such as while driving, biking or walking
- I agree to respect other's privacy and not post pictures or videos of someone on Social Media without their permission
- I will remove myself and tell a parent immediately if something doesn't feel comfortable while online
- I agree to show my parents what sites I'm using so we can explore them together
- I agree to listen calmly and openly when discussing online situations or rules
- I will not give out any personal information including full name, password, phone numbers, address to people I don't know
- I will keep passwords private and not change them
- _____
- _____

ALL family members, please sign in agreement to this Family Contract below.
